INFORMED CONSENT FOR TRANSFUSION

Aug. 24, 2003

(Please submit only one response per institution)

1. Does your institution routinely obtain written informed consent for transfusion? Yes No

2. If YES to the above, do you also require the **patient's physician** to document that he/she has informed the patient of the risks/benefits and alternatives to transfusion? Yes No

3. If Yes to the above, how does the physician **document** this? (CIRCLE response to each)
 - On the same form as that signed by the patient Yes No
 - On a separate form that is placed in the medical record Yes No
 - By a note in his/her OFFICE patient's record Yes No

4. COMMENTS: (May also be sent be **email** to the Webmaster at: **CBBS-network@mail.com**)
